At this, Rs 12,000 is spent under this head, including the feeding charges of the apprentice boys in the Palace workshop. But with the proposed reductions which are soon to be effected in the Works' Dep, we should be able to limit the expenditure to Rs 10,000/p.a.

The rice distribution will take place once a month and under the same arrangement and control, as heretofore.

No. 48-50—Muz. F. 25-92, dated Bangalore, 31st October 1892.

Order.—His Highness the Maharaja's Sanskrit College at Mysore is maintained out of Muzarayi Funds which became available for this purpose, as well as for other Charitable Institutions in Mysore, by the abolition, several years ago, of various feeding Chattrams with specific grants, which existed in the neighbourhood of the Mysore City. The funds thus available have been supplemented by State Muzarayi grants and they now amount to Rs. 25,172—15—11.

2. In October 1883, His Highness the Maharaja was pleased to lay down definite principles for the management of the Sanskrit College and the Charitable Institutions in question and to promise that after some experience had been gained of their practical working, final orders would be passed on the subject. During the 9 years which have since elapsed, much has been done for the diffusion of a knowledge of Sanskrit Literature in all its branches. Owing to the rapid growth of the College, it is found impossible to maintain with present funds the high standard which has been adopted, and it is accordingly resolved to sanction for this College a grant-in-aid from the Educational Budget of Rs. 6,500 per annum. The total amount available for the College and other Institutions in question will thus amount to Rs. 31,672—15—11 as follows :—
